

## MR USELESS

Tell me who else I could be  
Call me as someone 's Lucky  
Lately, I don't even speak  
A kid needs someone to please  
Exhume all my misery  
I'm here but no one even sees.

When'll this begin,  
Rising, standing  
I want to feel it  
When'll this begin,  
Rising, standing  
The pain will be leaving

Don't want to owe you a thing  
My Memory stops consuming  
Don't want to go on within  
Expecting to end everything  
Extract all my suffering  
I'm here but no one even sees
