

HUMAN NATURE

Want a fight, want a dream, wanna truth, wanna snatch,
Want a foe, want the fame, want a skill, I want your life !
Need a goal, need a fate, need a bounce, need the best,
need a snipe, need a trace, need a path, I need your liiiife

Spiked thoughts fill my time
Expecting a sign
My slump's depth
amounts rusted slits

Drawn up by envying
Can't breed any act
Chasing your fall
Cheers me uuuuuuup !!!!!

Can't wait your next mistake
I bless your failure
I'll never get in tune
Achievement's to break

Could be jealous of your grave
Hate's Easy to spread
Simple glimpse of rampage
Brings shattered pledge
