

## THE SAVIOR

Time to Worship me  
I'll make history

Vote for me  
Your life'll improve I can promise you  
Vote for me  
You'll earn so much more than they offered you  
Vote for me  
Your choice would give me the power to  
Enhance my pride, my own benefits

Time to Worship me  
I'll make history  
Just Kneel before me  
The crown'll belong to me

Victory's mine so do as I say  
I play the headlight, forget your brains  
Control your life my way

Time to Worship me  
I'm part of history  
Just Kneel before me  
The crown belongs to me
