

## LEAVING

Stuck in my thoughts,  
All around me,  
Nobody.  
Feel so unreal

Burned from Inside  
No one's seeing  
my leaving .  
No need to hide

I can't go on  
I won't go on

Scared of this moment  
For so long  
For too long  
Drifting away

Even if we live together  
In the end  
We die  
Alone

I can't go on

I won't go on

[chorus]

Come get me

Come get me

No one is

Waiting for...

Come get me

No running

No one is

Waiting for...

Come get me

Now ready

No one is

Waiting for ME !
