

LEAVING

Stuck in my thoughts,
All around me,
Nobody.
Feel so unreal

Burned from Inside
No one's seeing
my leaving .
No need to hide

I can't go on
I won't go on

Scared of this moment
For so long
For too long
Drifting away

Even if we live together
In the end
We die
Alone
I can't go on
I won't go on

[chorus]

Come get me

Come get me

No one is

Waiting for...

Come get me

No running

No one is

Waiting for...

Come get me

Now ready

No one is

Waiting for ME !
